

## CREW Corner

As an AREW member and, thereby, a member of the national CREW (Commercial Real Estate Women) Network, more sophisticated information, networking and other resources are available to you than ever before.

If you're thinking "I only do business in New York City" and don't need a national network, think again. It's not that you don't do business in Minneapolis or Dallas. It's that people from Minneapolis, Dallas and virtually every other city in the U.S. do business in New York. And they look to the CREW Network Directory for contacts.

As an AREW member and real estate professional, you already know that building and growing a group of professional contacts who provide business leads, professional advice and employment opportunities is one of the most important benefits of being an association member. A recent survey of CREW members rated networking as the most important skill for surviving economic crisis. With your CREW membership, you have access to 8,000 of those contacts.

CREW has also introduced a Network Career Center with sections for employers and candidates. The latter can access postings from more than 4,700 premier real estate companies, register for job blasts, receive notifications when positions become available and manage multiple resumes and applications. Log onto [www.crewnetwork.org](http://www.crewnetwork.org) for more detailed information.

In a joint effort between CREW Network and the International Council of Shopping Centers (ICSC), two prominent AREW members, Presidents' Council member Faith Hope Consolo and 2009-10 AREW vice president Debra Cole, will be participating in a Special Interest Group for Women in Retail Real Estate at ICSC's Recon. We expect these roundtables to be sold out, so register early for this special event.
